

Play and Learn @ your library

Active Learning Centers

are located in the children's area and around the library for you and your child to explore together.

These Centers provide opportunities for you to **enjoy meaningful play** with your child and at the same time help your child **develop early reading skills**.

Play is a child's work! They learn, grow and develop through hands-on activities that include **talking, reading, singing, writing and playing**. The activities in the Active Learning Centers focus on these practices.

Use the chart on the back to explore the **Active Learning Centers** at your branch.
